

The public sector in the United Kingdom (UK) is comprised of many organisations. These include: ministries or departments of central government such as the Cabinet Office, Department of Health (including the National Health Service (NHS)) and Ministry of Justice; local authorities, such as councils and social services; wider public bodies such as fire and rescue services, police authority services, educational authorities, universities and public broadcasting; and utilities agents, such as water authorities. UK public sector procurement bodies must comply with the Public Procurement Regulations, as derived from European Union (EU) treaty principles. These mandate a regulated contract and tender procedure for opportunities above a certain financial threshold, which varies depending on the type of organisation and type of procurement being undertaken.

The National Health Service (NHS) in the UK is representative of over 400 health organisations including Hospital Trusts, Mental Health Trusts, Ambulance Trusts, Foundation Trusts, Clinical Commissioning Groups, Commercial Support Units and Community Health Trusts. The landscape is one of constant evolution and change.

To promote transparency, The Countess of Chester Hospital NHS Foundation Trust wishes to establish a Framework Agreement for use by all UK public sector bodies (and any future successors to these organisations). To provide bidders with information on potential users of the Framework Agreement the following organisations are considered the core client base:

This Framework Agreement will be accessible for use by all UK Central Government Departments and their Arm's Length Bodies and agencies; Non-Ministerial Departments and Executive Agencies; and, the Wider Public Sector (and any future successors to these organisations).
