

Benefits:

- Free to access framework
- Dramatic energy efficiency gains from lighting through state of the art IOT secure wireless sensors
- Dramatic energy and carbon reduction (CRC) through the ability to use lighting to drive down costs by making them 'intelligent'
- Space Utilisation – Enables unparalleled data insight into spaces used across whole estates. On demand data available at the touch of a button
- Reduce building HVAC energy costs whilst maximising occupancy comfort and energy efficiency
- Real Time Location Services: Equipment/Asset tracking to improve staff efficiency. Analyse travel paths, bottlenecks & response times. Create & configure boundaries for safety and security
- Modular system allows authorities to call off individual elements depending on their requirements
- Ability to use utilisation of energy savings to pay for implementation

Smart Building Solutions Using the Internet of Things

Framework Reference: F/042/SBS/21/SM

FTS Notice Reference: 2021/S 000-021691

Public Sector Organisations do not pay the framework manager for use of this framework

What...

The Countess of Chester Hospital Commercial Procurement Services has awarded a multi supplier national framework agreement for the provision of Smart Building Solutions Using the Internet of Things. This framework is designed to offer monitoring and control of energy usage, building occupancy, visibility of assets and contact tracing/infection prevention.

This is a multi supplier framework, therefore both direct call-offs and call-offs with competition may be made.

Who...

The framework offers a fully compliant route for all NHS and other public sector bodies to access this service.

How...

Contracts can be awarded by direct call off or through further competition.

To award by direct call-off, assess the Framework Briefing Pack information against the direct call-off criteria in the Briefing Pack to choose the best value supplier for your needs.

If you want suppliers to develop proposals or a solution for your requirement; and/or you need to amend or refine the terms of the call-off contract (subject to the procurement regulations), a further competition will be required.
