

## Framework Benefits

- Free to access framework
- Multidirectional, high-efficiency phased infra-red heating
- Comfortable, evenly heated rooms
- Controllable—set an overall building temperature with ‘zones’, separated common spaces with ‘links’, or by each individual heater
- Controllable to a budget (carbon, cost & kWh) to save emissions and cash
- Automatically adjusts to changing conditions
- Real-time system monitoring by the supplier via independent 4G network
- Zero maintenance systems
- Comprehensive 20 year warranty
- Easy to install with minimal disruption
- Scalable across multiple building and sites

## Commercial Procurement Services

### Smart Heating Systems

**Single Supplier National Framework Agreement**  
F/056/SHS/18/IB OJEU: 2019/S 046-106187

**Public bodies do not pay the framework manager for use of this framework**

### What...

The Countess of Chester Hospital Commercial Procurement Services has awarded a single supplier national framework agreement for the provision of Smart Heating Systems. This framework is designed to offer high-efficiency infra-red heaters that are connected to each other and to external analytics and control centres enabling monitoring and control of energy usage.

The framework offers a fully compliant route for all NHS and other public sector bodies to access this service.

Direct call-offs with the supplier may be made without the need to open up further competition.

### Who...

Services provided by:  
**Logicor (CH) Limited**

### How...

This framework is easy to use, with only 3 simple steps.

**Step 1** – Contact us to express interest in using the Framework.

**Step 2** – We will issue you with a unique framework order reference number and model contract template.

**Step 3** – Your organisation will work with Logicor (CH) Ltd directly making reference to the unique framework order reference number on all call-off contract and purchase order paperwork.
