Commercial Procurement Services Provision of Sterile Services & Endoscopy Decontamination Facility Solutions

National Framework Agreement
Reference F/066/SSE/25/IB

What...

Some NHS organisations have out of date Sterile Services and/or Endoscopy Decontamination Departments.

This Framework offers a solution for NHS organisations (wishing to invest in the development of new facilities). The Framework Agreement will allow NHS organisations to procure a Supplier who can design, build and equip a Sterile Services or Endoscopy Decontamination facility and subsequently maintain the facility and its equipment under a managed service contract. The new facility could be new build, modular or fit out, and could be located on site, or off site depending on client requirements. The Supplier may provide finance to the NHS organisation for the design, build and equip of the facility.

Outsourcing of Sterile Services and Endoscopy Decontamination Services are not within the scope of the proposed Framework.

Who...

The framework offers a fully compliant route for all NHS bodies.

How...

This Framework Agreement will operate for 4 years, Contracts may only be awarded following a further competition

Step 1 — Contact us for a copy of the Framework Briefing Pack .

Step 2— Follow the further competition process set out in the Framework Briefing Document included in the Briefing Pack.

Step 3 — When you have selected your preferred supplier, contact Commercial Procurement Services for a unique reference number (URN) for your contract.

Step 4— Conclude the contract, inserting the URN provided where indicated.
